Commanding Officer

I extend my heartiest felicitation and warm wishes to DCAC NCC Unit of 7 Delhi Battalion NCC on publishing their NCC magazine – Valour Vol - V.

I wish this magazine inspires the youth to take up their careers in armed forces and also spreads a wave of positivity among the youth not only of DCAC but to all the colleges. I wish great success to all the volunteers who worked for the magazine.

Col. Anup Awasthi
COMMANDING OFFICER,
7 DELHI BATTALION NCC,
DELHI DIRECTORATE

Administrative Officer

It gives me immense pleasure to wish my Cadets all the very best for their bright future. I am very confident that NCC has already molded your lives with strong character and patriotism. I am also confident that what ever NCC has taught you will be very beneficial for your success in life and will remain source of inspiration and encouragement.

‘Valour’ has now acquired a very respectful and motivational source for other students not only of DCAC but of other colleges as well. The credit goes to successive Commanding Officers and his team of very talented Cadets. Hope they will continue the legacy and most of them will make career in Armed Forces.

Lt Col. Rohit Gaur

Administrative Officer
7 DELHI BATTALION NCC

Principal

NCC is the largest uniformed youth organization with moto “Unity and Discipline” The NCC unit at Delhi College of Arts & Commerce is doing wonderful job under the commanding officer Lt. Bhupinder. I extend my heartiest congratulations and best wishes to DCAC NCC unit of 7 Delhi Battalion on publishing their annual magazine – Valour Vol. V (2020).

Valour has had a great role in inspiring and motivating the students of DCAC and encouraging the youth to join the armed forces as their career option after completing their graduation from the college. I congratulate the entire editorial team for this new edition of NCC magazine and appreciate their hard work and efforts in the direction of bringing valour in this form.

Dr Anuradha

(Principal)

Foreword by Lt Bhupinder ANO-DCAC

It is a proud feeling to present the 5th edition of the annual magazine of DCAC NCC Unit. Since its inception in 2016 it has been a continuous evolving process to improve and progress. As we all know, print media has its own importance for its effectiveness is magnanimous amongst the masses. The style, layout and out of the box conceptualization sets this magazine apart.

The main motive behind publishing this magazine is to motivate the readers to join the armed forces, to see the forces with a different perspective.

Although the perception of the masses towards the forces has been changing, It is my firm belief that this magazine is in a small humble way, our effort towards that change in the society. The youth, is the largest productive citizens of any country, NCC being the country's largest uniformed youth organization in India with around 13 lakh cadets functioning through the length and breadth of the Country is an instrument towards youth empowerment.

I hope this magazine shall motivate the readers and inspire them to achieve greatest heights in life. I thank the Editor for making this magazine a success.

Annual Report

About Us:

Students of DCAC enrolled in the NCC unit are attached with Army unit of Group HQ Delhi 'C', 7 Delhi Battalion NCC situated at 'NCC Bhawan' Delhi Directorate building, Rohini. The unit is a Senior Division branch of NCC active since 1987. Up to 10 percent weightage is given to NCC A-certificate holders at the time of admission as per DU/UGC guidelines. The sanctioned strength of DCAC NCC Unit is 54 cadets. Since 1987 DCAC NCC, a proud institution has witnessed around 29 cadets getting commissioned into the Indian Army as Class-1 officers through various entries. The unit has always been taking part in various social service activities.

AGENDA

1. Planning our training sessions as per the new Training Directives from DG NCC HQ . Carefully dividing periods to ensure all areas are covered.
2. Training to be held twice every week, each training day consisting of 2 hours.
3. Creating a draft providing guidelines for training and organization for the session 2019-20 and successive years.
4. Outlining standard operating procedures for selection, uniform rules, events, discipline and office maintenance and general conduct.

OUR VISION

DCAC NCC Unit envisions in providing a suitable environment for holistic growth of each individual cadet. The training is imparted in such a way that each cadet receives all round knowledge, skills and experiences the world in a better way. The end product of our endeavors is a well groomed, knowledgeable, trained, well behaved, highly motivated gentleman cadets who are willing to touch skies and make a positive impact on the society. The cadets are inculcated with a sense of courage, bravery and righteousness to face any sort of situation in life.

NCC Motto

The Motto of National Cadet Corps is “UNITY AND DISCIPLINE” which means all the cadets of NCC should be well disciplined. They should have good character ,attitude and ambitions along with the social responsibility. They must be united together as a team in all aspects without any discrimination based on caste, religion, gender, language, race and social status.

The NCC cadets of today are the soldiers of Indian Defense Forces like Army, Navy and Air Force tomorrow. So, they must work hard and follow their Dreams with passion and perseverance. They must pursue their dreams to become a soldier and safeguard our nation. They need not to be a soldier to save our country. They can also become a teacher, farmer, doctor, engineer and others. In their respective fields they must contribute to their society and nation.

SUO DCAC

It will always be an honour for me to have been a part of DCAC NCC and that too as a Senior Under Officer. It has been an amazing journey and a memorable one! Initially when I had got admission in DCAC, I was a junior in the NCC and was treated in the same way. I made friends and my seniors taught me many things. Our seniors taught us all the qualities and habits a cadet should carry. It was not easy but being together me and my batch made it bearable. Spending a lot of time with friends made an unbreakable bond. To learn more we were sent to NCC camps like CATC, RDC, TSC, Firing, by our seniors. Those 10 or sometimes 30 days in the camp transformed us in a tough, mentally strong and a responsible citizen of this fascinating country. It is truly said that 'TIME FLYS' but memories can preserve it and we made memories in NCC. Learning from seniors prepared us to teach our juniors under the guidance of our ANO.

SUO Nishkarsh Malviya

Coming to 3rd year brought higher responsibilities and the bond which my batch made with each other in 1st year helped now! We divided the responsibility and worked on it. NCC taught me life-learning lessons, gave me new friends and memories which will never fade. I am sure our juniors will do better than us. In the end, I would like to thank each and every one of my buddies, juniors and seniors and especially the National Cadet Corps to have given me this platform.

JAI HIND.

JUO DCAC

“You lose nothing in giving your name.” That is what I thought while signing myself up for NCC. NCC has been a life changing experience for me. This one decision of joining NCC changed the entire rhythm of my life. From being inspired by my seniors and their uniform to being that inspiration for my juniors.

All India Thal Sainik Camp 2018 has been my greatest experience, teaching me everything life could. Stubbornness is usually considered negative but, I think that trait has been positive for me.

When I was nominated for Obstacle Training, it was then that I realised that to uncover your true potential you must first find your own limits and then you have to have the courage to blow past them, and this very thought motivated me and led me to becoming the best in OT from Delhi directorate.

Being the camp senior of Para slithering PM's rally 2020 was another thrilling experience. It'd unfolded me in Multitasking and care taking.

JUO Raman

I am thankful to my NCC family- my unit 7DBN, my ANO Lt Bhupinder and my fellow cadets from other colleges.

That one decision to sign myself up in NCC, led me here, where I no longer have to introduce myself .

- JUO Chandra

JUO Chandra Prakash

Swacch Bharat Drive 2019

Christine Pelosi says that being green and clean is not an aspiration but an action. Keeping that in mind, when we noticed the dirt and garbage littered around the post office of Netaji Nagar, just next to our college; we as NCC cadets instantly decided to act on it. Our SUO-Nishkarsh planned a cleanliness drive at the post office on 30th of August; with the approval of our A.N.O Lt. Bhupinder we made a detailed plan. We divided ourselves into different groups to take onto different corners of the post office. People over there were delighted to see us and joined us in the cleaning the area with great enthusiasm. We were happy to see such an enthusiastic response from the people. It took us around 2 hours to complete the cleaning and disposing the garbage at appropriate place. The employees of the Post office were highly pleased with our initiative and appreciated us. They arranged for a small tea party for us and thanked us for our work. We were highly satisfied with our work and it was a pleasant experience.

CDT Aditya

Thal Sainik Camp 2019

"Some goals are so worthy, its glorious even to fail"
"- Captain Manoj Kumar Pandey once said. Such was my experience in TSC. I Narpat Singh Rathore, a cadet of National Cadet Corps of DCAC take immense pleasure while sharing my tale of Thal Sena camp which unravelled so many strengths and learning strokes within me.

CDT Narpat Singh Rathore

Under the scorching sun we first stood on the starting line of what it is called OT (obstacle training) after giving written entrance. With the strength of 150 we entered in the first cadre of TSC. From there our Ragada began.

Each cadre was of 10 days. We stayed in Rohini in 7 Delhi battalion headquarters. We used to wake up before the first Ray of sun and our day used to end in midnight with yawn full classes.

"If victory is certain then even a coward can win but the real brave cares to fight even when he knows his defeat is certain, victory is reserved for those who are willing to pay its price"

OT was not everyone's catch. I completed my first OT in 35 second and ended the last cadre with the record of 22 seconds which is best in Delhi Directorate but for every victory there is a price to pay. I paid that prize by ending up with multiple injuries and wounds. However with such a galvanizing experience, what boosted me the most was the support of the PI staff and our ANO Lt Bhupender sir and my seniors.

With my sack full of memories and experience I Narpat Singh now give rest to my words!

Para– Slithering Camp 2019

The more you explore, the clearer the vision becomes. After doing Thal Sena camp, doorways for new opportunities opened for me. I cadet Narpat Singh Rathore did Para-Slithering camp which is a part of Prime minister's rally which consisted of 10 days cadre held at Kirti Nagar. This cadre was a real thrill! Being in a helicopter at a particular height, I carried fear but at the same time had the fire to do it too. It was a bit difficult from TSC though its physical was almost similar.

CDT Narpat Singh Rathore

The most interesting and most awaited part was three days practice in Polo ground in the ALH helicopter and final practice at Cariappa parade ground being seated in MI 17 "our pride". Those priceless moments in the chopper gave me Goosebumps and a feeling of patriotism. The final day was the PM rally on 28 January when our honourable Prime Minister Narendra Modi was looking high in the sky towards our chopper to see us slither down. We on the other hand were under tremendous pressure as we were nervous and excited at the same to do it!

Through the rigorous training and with support of our PI staff we were confident enough to give it a hit, but truly it was a dream come true when I was slithering off the helicopter via a rope in front of General Bipin Rawat, Chief of Defence Staff, Admiral Karambir Singh, Chief of Naval Staff and Air Marshal R.K.S Bhadauria, Chief of Air Staff.

Army Attachment Camp 2019

Meerut Cantt

Army attachment is a National camp and falls in the category of activities of training 'A'. It is held once in a year in the month of September and October. In this we are attached with an infantry regiment to know workings and training of that regiment. So I got an opportunity to be attached with one of the decorated infantry regiments of the Indian Army. It has a long history of battles and triumphs. I am talking about Rajputana Rifles.

CDT Upendra Kumar

Our college had got 10 vacancies for this camp. 4 of my seniors from third year and 6 of my fellow comrades from second year including me packed our bags for the camp. The camp was of 15 days from 1 September to 15 September 2019. I was quite thrilled and happy that I'll be going for the army attachment camp and will be having fun there. On the very first day of our arrival, they allotted us beds and barracks for our stay. Nearly 500 cadets had come for the camp and hence we were divided into companies of 100 cadets each. Me and my fellow comrades from my college were given BRAVO Company. The day used to begin early for us as we used to get up at 4:00 AM and assemble in the main PT ground for reporting and attendance. At 5:30 we used to start our morning run of 5-6 KMs followed by PT. This used to last till 8:30 AM after which we had bath time and breakfast. After breakfast, our regular lectures were conducted on different subjects including map reading, weapon training, field and battle craft and so on.

The lectures would be till 2:30 PM after which we had lunchtime followed by a brief rest period till 4:00 PM. We played different sports daily in the evening and the day used to end with a 6 KM evening run. Our training officer in-charge was Major Mohit Sassan. He was very generous and kind and had planned so many activities for us. He also planned visits to different places for us. We went to the Dogra temple, the artillery regiment, the armoured regiment, Remount and veterinary Corps, the engineer regiment. They excellently displayed us their work through mock drills and I was totally awestruck at how quickly they prepared themselves into combat kind of situations. It was because of unity and uniform in command as well as in work that this was possible for them. Sports tournaments were

My company won the football and volleyball tournaments and I was part of the volleyball team. Moreover, we also went on night marches in full uniform on two separate days. The night march used to be of 15 Km. We were also lucky enough to try ourselves on the obstacle training course. Rajputana rifles also organised a seminar on the issue of militancy in Jammu and Kashmir and covered topics like- 'what could be the reason for the militancy' and 'how army handles situation during violent protests when it spirals out of control of the CAPF'.

On 14 September that would be our last night in the camp, we had DJ night and cultural night and we all enjoyed that very much because it was the last day of our camp we didn't know whether we will come again or meet with the same cadets from other colleges and the instructors of the regiment again. We got to know about many things about our buddies like- 'what they think about us' and 'what you think about them'. After staying in close proximity with our nation's soldiers I can say that army life is not as easy as others perceive it to be. If somebody actually wants to experience army life then they should spend his/her day with our army in their workplace. It is well said "Live a life less ordinary"- Indian Army

Skiing Basic Course 2020

Gulmarg, Kashmir

I have always been passionate about adventure activities like trekking, mountaineering and rock climbing. So, when I got a chance to go for the Skiing basic course to be held in Gulmarg, Kashmir, I was exhilarated. The camp was organized by Indian Institute of Skiing and Mountaineering which is run by the government of India and comes under ministry of tourism. Each year, they organize four to six courses of 15 days each depending on the weather conditions.

CDT Yuvraj Tyagi

My batch was to start from 3 January 2020 and would have been over by 16 January 2020. I packed my bags with all necessary winter equipment and booked the flight tickets for Srinagar. The camp's fee was of Rs 7000 for the accommodation for 15 days in the institute which is totally centrally heated. The fee included everything- Food, rooms, ski equipment and safety equipment. The only thing we had to pay apart from this was the travelling cost.

On 3 January 2020, I arrived at the Srinagar airport around 11:30 AM. I had been in contact with a local taxi driver, Bashir who took me from Srinagar to Gulmarg. The scene in the valley was just a little mixture of calm and tense. The Para-military was deployed and I saw convoy of around 40-50 military vehicles on my way to Gulmarg. Upon reaching at the institute, I was allocated a room which I would be sharing with five other people. Our daily routine would be waking up at 6 AM as we were served bed tea, after that we would get ready and freshen up to go for breakfast at 7:30-8:30 AM. After breakfast, our training used to commence from 8:45 AM and would go on without a break till 1:50. The training was being done on a steep slope which was 2-3 Km away from the institute so; we had to walk in the snow each day to that location while carrying our ski equipment. Our instructors were very helpful and taught us well. I learnt almost every technique they taught in the basic course like, snowplough, snowplough turn, basic swing, uphill swing and free skiing! At 2:00 PM, we would go back to the institute to have lunch and would be back on the slope by 2:30 to continue practicing till 4:30 in the evening. After that we would go back to our rooms and rest till 7 in the evening. Meanwhile, we would be served biscuits and Kahwa 'One of the main attractions of Kashmir'. At 7 PM we used to attend conference each day and discussed various topics related to what we were learning.

The institute is situated right next to High altitude Warfare School (H.A.W.S.) which is run by the Indian army. I even had the opportunity to interact with the Trainers of H.A.W.S. and the Trainees.

A single course of skiing has around 80 people that come to learn and complete basic, intermediate or advance training. We learn from different instructors depending on our course level. Mostly the people there come from nearby local areas like Anantnag, Baramulla, Pulwama, Srinagar and Kupwara. People from areas of south Kashmir that experience most militancy had come for this course. The course went on smoothly. On 16 January, me and 3 of my roommates left early in the morning at about 6:40 for Srinagar. My flight was scheduled to leave for Delhi at 5:30. However, as we reached the airport, we all got notified that our flights had been cancelled and so we went to the Old airfield station which is adjacent to the airport and is now an Indian air force station. Out of three people that were with me, two were brothers and their father was a colonel in the Signal corps so, that's how we got accommodation for one day in the officer's mess at the air force station. The next day, both the brothers left for Delhi as their flights had got re-scheduled while I along with my friend, who is a lawyer by profession, left for Badgam railway station. We boarded a train to Banihaal. The Route of the train goes from some infamous militancy prone areas so, knowing this was a thrill on its own. In the train, we were sitting with some people who we found out were actually from CRPF and were purposely dressed in civils and had covered their face with balaclavas. They warned us of the volatile situation in Kashmir as me and my friend were wearing combat boots and camo pants.

Upon reaching Banihaal, we took a cab for Jammu. I however got down at Reasi as I had decided to stay the night at a friend's house. After staying one day in Reasi, I went to the Jammu railway station the next day and boarded the Durgam Express for Delhi. That's how my adventurous journey came to an end.

Para-Sailing (PM Rally) 2019

Among the many camps that I have attended, PM Rally (Para Sailing) Camp is one of the most memorable camp of my life. I would like to share this beautiful experience.

Cadets from all over Delhi had come for selections of para-sailing. The criteria for selection were 100 metre sprint and through my diligent efforts I got selected. The camp was scheduled from 17 December to 24 December 2019. Our day used to start with roll

CDT Rahul Raj

call followed by PT and then lectures were given by officers about the major precautionary measures to be taken while sailing in the air. Additionally detailed information was given to us about things like when and where to land.

Initially I was quite nervous and at the same time curious about how this camp would add up to my experience. I completed the first cadre of the camp and it made me feel proud of myself.

Unfortunately I had to leave parasailing after completing first cadre. This is when my journey in Para-slithering camp unfolded. This time, the Para-slithering was scheduled from 17 January to 28 January 2020. Since I had experienced the thrill of slithering last year as well, I was not afraid of the height. In fact I was among the best 'slitherers' in the whole company. The CO was quite impressed with my technique of slithering and specially shook my hand. I felt very proud. Moreover I was also the commander of the ALH helicopter.

Till now my journey in NCC has been like a roller coaster. There have been some days overloaded with tremendous happiness and some nights with sorrow in my eyes. The final day of our slithering, when I slithered down from the chopper in front of our honourable Prime Minister Narendra Modi is the best experience of my life so far.

Advanced Leadership Camp 2019

Coimbatore, Tamil Nadu

Advanced leadership camp is one of the best national camps in NCC. In this camp cadets from all over India and from all three Wings of NCC congregate at a particular place. This time all of us gathered at Hindustan College of engineering, Coimbatore, Tamil Nadu. The camp was of 12 days duration starting from 6 December till 18 December 2019. The camp was managed excellently from the beginning to the end. The camp was headed by lieutenant colonel Girish and lieutenant colonel Babu with their JCOs and NCOs.

JUO Raman

There was a lot to learn from this camp. Basically this camp is all about developing leadership skills and qualities in an individual. The commandant of Coimbatore group, Col. LCS Naidu had organised something different for us. He specially called up teams from SSB centres to tell us about SSB. Teams from SSB Allahabad and SSB Bangalore had come for this purpose. Moreover C-lab classes were organised for us by highly profiled officers from Air force. We were tested by both the teams of SSB by the same process of selection that is followed in real SSB. The first stage was screening stage in which out of 300 cadets only 31 of us got screened in. The second stage was all about psychology and GTO. At the end of this stage only 9 of us were conferred in. I was the only one from Delhi directorate. I was quite happy from my performance. After this 5 of us had an interview with All India radio, which was the proudest moment for all of us. At the end all 5 of us were congratulate by the group commander, the camp commandant and by both the teams from SSB. Apart from all this, in this camp we played a variety of sports and we also got to visit the Aadi shiv yoga statue at Coimbatore. Overall it was a great time for me as it helped me increase my knowledge and also taught me leadership skills.

Amarkantak Trekking Camp 2019

Entering into a region which carries a unique natural heritage of its own and meeting at a point of land between the Vindhya and Satpura Ranges bought a whole new level of adventure and experience for me. A Spiritual place and a place of pilgrimage, 'AMARKANTAK' where the number of people chanting 'Har Har Mahadev' and Bolo 'Narmada Mayya ki Jai' had filled us with enough enthusiasm to roam around in the area.

CHM Sarath Pawar

Trekking camps are mainly conducted to teach the cadets about the great history of the country, cultural diversity, to improve religious tolerance and mainly gives an adventurous thrilling experience to the cadets.

This year, three cadets from DCAC got an opportunity to take a part in the 'All India Trek-II' which was held in 'Amarkantak', Madhya Pradesh. The camp's tenure was-29 May 2019 to 05 June 2019 and was organised and taken care of by the M.P. and C.G. Directorate.

Our journey started from the next day of opening ceremony in which the Commanding Officer briefed us about the trekking area and measures to be taken at the time of trekking. On the following day we went to trek. While trekking, we saw the historic Shree Yantra Mandir. Another mind blowing experience for me was witnessing the origin point of the river 'Son' which is commonly known as 'Sorrow of Bihar'.

On the following days we had covered different areas which were namely as Doodh Dhara waterfalls, Durga Dhara waterfalls, Durwasa Maharshi'cave, Indira Gandhi National Tribal Varsity and the famous Amarkantak Temple. We covered a distance of around 3 to 22 Kms on daily basis.

Along with the trek, various competitions also held there. We, as Delhi Directorate won some medals collectively in games and academic events. The Accommodation and the food were good. Some of the best experience came from sleeping in the army tents and duties in the late night.

I would like to suggest my juniors to attend the camp if they get an opportunity.

DCAC Volleyball team 2019-20

Volleyball, a game played by two teams, usually of six players on a side, in which the players use their hands to bat a ball back and forth over a high net, trying to make the ball touch the court within the opponents' playing area before it can be returned. To prevent this a player on the opposing team bats the ball up and toward a teammate before it touches the court surface—that teammate may then volley it back across the net or bat it to a third teammate who volleys it across the net. A team is allowed only three touches of the ball before it must be returned over the net. Well

CDT Prakhar Mishra

the rules don't introduce us to all the aspects of that game. This game requires a lot of coordination, cooperation, teamwork and discipline. These traits make it an ideal sport to be played in NCC because the motto of NCC is unity and discipline. Hence volleyball helps in inculcating these traits in a cadet.

Our selection process was pretty awesome but selecting the top ten was a tough job. The selections were done under the guidance of Cdt. Upendra Kumar, who is our senior and an experienced volleyball player. The first opportunity to play in a tournament came to us during the annual NCC fest in Kirorimal College. It was a great opportunity to show where

we stood! On 6th of February at 8:00 am we registered our team for the competition and the competition started at 10 am. Our first match was against Ram Lal Anand College and it was quite a good match and we won. In day one we won two matches. In day two we had three matches with PGDAV College, ITI PUSA and IGI College respectively. We won the first two matches but in finals against IGI College, we lost. We lost because the team which was against us had a better coordination and a higher level of practice than us. Not only were the other team better, it was also that we were not totally prepared and well practiced. This was first tournament that I played in my college and in NCC as well. As I end this article, I would say that NCC gave me the first opportunity to excel in my favourite sport and now I thank myself for becoming a part of this great organisation.

Guard Commander 2019-20

I am Cadet Aradhya Sahu, native of Haridwar, Uttarakhand which is a holy place by the side of which river Ganga flows.

I had never imagined of joining NCC and didn't even know about it until I saw some people in the Khaki uniform with 'NCC' Shoulder titles. They were looking like Gentlemen. That day I decided to be the part of this organisation. The procedure to get selected in DCAC NCC was very tough but I managed to get selected. After some parades our seniors introduced us to the 'Guard of Honour' and I was keen to be a part of it. In the first year I went

CDT Aradhya Sahu

to many colleges with my guard team but as a reserve, as I was still mastering many required skills. I made up my mind and did a lot of practice and that practice was totally worth it and finally paid off when I was given this huge opportunity to be the guard commander!

Being a Commander is not an easy task as you have to do a lot of work on your movements, vocals and also have to check your team. Being on this post, I have learnt a lot of skills like leadership, team spirit unity and many more. This year, I have represented my college in various fests and got appreciation from various cadets and officers for my command. I was given the chance of being the commander for Guard of honour which was given to the former Vice Chancellor of Delhi University, Prof. Dinesh Singh. It was a very proud moment for me as my SUO, JUOs, other seniors, my buddies and my juniors appreciated me for presenting that Guard of Honour. This was my happiest moment till now in my NCC tenure. It was a very proud moment for me being as a Guard commander of DCAC NCC.

Office of Associate NCC Officer

The NCC Office is undoubtedly one of the most attractive and outstanding features of the college campus. Inspired by the army barrack of a commanding officer in a cantonment posting, the NCC room of DCAC is designed in a manner to give the look and feel of the environment of the armed forces, characterized by discipline, systematic function, chain of command and spirit de corps. Proper guidelines have been drawn for maintenance of the office which are strictly adhered to by the cadets. In the pictures below the top left picture is the cupboard in which rest the important administrative documents of the unit, the trophies representing the achievements of cadets. To its right is the NCC room as pictured from outside.

Bottom left is the table of Lt Bhupinder, ANO DCAC, in front of the flags of Army, India and NCC represented by the portraits of their current heads. The office is complete with the Dummy Rifles and training guidelines that rest between the tables of the SUO and JUO officer cadets of the unit.

Shaurya: The Annual NCC Fest

Shaurya is the annual NCC fest which is celebrated around the months of February to march. It is a single day event in which Team DCAC NCC organizes different competitions like Drill competition, guard competition, best cadet competition, volleyball and tug of war competition. Other than these competitive events, we also setup special attractions like Weapon display, Ghatak 12 (CI/CT/CQC) display and 'Mera Farz' a Stage play.

6 Bravo

Every year DCAC NCC organizes the most awaited event, 6 BRAVO. It is a farewell given by the juniors to the seniors who are going to pass out. This event has its own charm due to its special uniform. This idea has been taken from The Indian Army Ball parties. It was introduced by Ex SUO Mohit Bishnoi in the year 2017. From then it has been continued. The objective of the event is to reminisce in memories and celebrate the 3 year training. This event is not only bound to our college as the cadets from other college who have shown exceptional skills in NCC activities are also invited. 6 BRAVO is the last official meeting of all 1st, 2nd and 3rd Year cadets.

Roll Of Honor

Ex SUO (2017), Lt Kaustubh Rana completed his training and is serving in the Indian Army in the Army Service Corps (ASC). He is currently posted in Ladakh and is serving his infantry attachment with 6 Dogra.

He had visited the college campus on 27 March 2019 and interacted with the cadets while sharing his experience and journey to the Fauj. He is looked up to by the cadets and is a source of inspiration.

Ex JUO Utkarsh Mathur Cleared his SSB in first attempt. His SSB was from 7 Nov to 11 Nov 2019. He had appeared for CDS (1) 2019 on 3rd Feb 2019.

He Secured AIR– 150 and was declared medically fit from MH Allahbad. He is under training in OTA.

NCC Song

***Hum Sab Bharatiya Hain, Hum Sab Bharatiya Hain
Apni Manzil Ek Hai,
Ha, Ha, Ha, Ek Hai,
Ho, Ho, Ho, Ek Hai.
Hum Sab Bharatiya Hain.***

***Kashmir Ki Dharti Rani Hai,
Sartaj Himalaya Hai,
Saadiyon Se Humne Isko Apne Khoon Se Pala Hai
Desh Ki Raksha Ki Khatir Hum Shamshir Utha Lenge,
Hum Shamshir Utha Lenge.***

***Bikhre Bikhre Taare Hain Hum Lekin Jhilmil Ek Hai,
Ha, Ha, Ha, Ek Hai
Hum Sab Bharatiya Hai.***

***Mandir Gurudwaare Bhi Hain Yahan
Aur Masjid Bhi Hai Yahan
Girija Ka Hai Ghariyaal Kahin
Mullah ki Kahin Hai Ajaan***

***Ek Hee Apna Ram Hain, Ek hi Allah Taala Hai,
Ek Hee Allah Taala Hain, Raang Birange Deepak Hain Hum,
lekin Jagmag Ek Hai, Ha Ha Ha Ek Hai, Ho Ho Ho Ek Hai.
Hum Sab Bharatiya Hain, Hum Sab Bharatiya Hain.***

From the maker

Being from the field of journalism, making this magazine was a good challenge and an even better experience for me. I am an avid writer and I write articles on a variety of topics relating to India's Defense forces, Homeland/National Security, military conflicts and other global conflicts.

CDT Yuvraj Tyagi

To make this magazine, I took help of the software 'Microsoft Publisher' and designed the layout of this magazine from scratch. I was guided by my current SUO-Nishkarsh sir regarding the basic concept to be followed while making the magazine. I also took help from my former SUO- Shivraj Ahlawat to get an idea on how to execute the those ideas while making the magazine.
